

**Lista serviciilor de digitalizare oferite IMM-urilor/ APL-urilor
în cadrul proiectului EC/101256760 –WeH 2.0**

Partener WEH: ASOCIATIA CLUSTERULUI TECHNOLOGY ENABLED CONSTRUCTION - TEC - Romania

Categorie serviciu (cf. Grant Agreement)	Tip/ subcategorie serviciu (cf. Grant Agreement)	Număr servicii disponibile	Cost unitar/ total (cf. Grant Agreement)	Denumire/ descriere serviciu disponibil
WP 3. Servicii de dezvoltare a competențelor și de formare profesională (Skills Development and Training Services)	Sesiuni de instruire pe soluții digitale (Training sessions on digital solutions)	4	3.959 euro/	Analiză a nevoilor de training (Analysis of needs (if not included in consultancy process); Pregătirea sesiunilor de training (Preparation of the training sessions); Trainingul propriu- zis (Delivery of training): 1) BIM-related trainings on various levels and specialisations - Comprehensive BIM Training: Unlocking Skills and Specializations; <i>sau</i> 2) Applied BIM Training: Maximizing Software Implementation; <i>sau</i> 3) Applied BIM Training with AUTODESK Suite; <i>sau</i> 4) Applied training on Tekla Structures; <i>sau</i> 5) Applied BIM Training with ALLPLAN BIM+ Platform; <i>sau</i> 6) Applied training on BIMCollab; <i>sau</i> 7) Applied training on Graphisoft Archicad; <i>sau</i> The training program typically covers a wide array of topics, starting with an introduction to the Archicad interface; <i>sau</i> 8) Applied training on Plannerly.

Categorie serviciu (cf. Grant Agreement)	Tip/ subcategorie serviciu (cf. Grant Agreement)	Număr servicii disponibile	Cost unitar/ total (cf. Grant Agreement)	Denumire/ descriere serviciu disponibil
	Sesiuni de instruire pe soluții digitale avansate (Training sessions on high performance digital solutions)	4	8.132 euro/	Advanced BIM & Digital Twin Integration; sau Advanced Interoperability & OpenBIM Workflows; sau Business Process Modelling (BPM) & Automation in Construction; sau Advanced Digital Transformation Strategy & Implementation; sau BIM Integration with ERP & Project Management Platforms; sau Digital Workflow Optimization & Performance Management; sau Applied AI in Construction – Introductory Level; sau Advanced Data Management & Collaborative Platforms.
WP 4. Servicii de testare înainte de a investi (Test before invest services)	Analiză și strategie a transformării digitale (Digital transformation analysis and strategy)	3	3.959 euro/	1. Analiză a status quo ului (Analysis of status quo); 2. Strategie - recomandări (Strategy - recommendations).
	Creșterea gradului de conștientizare cu privire la tehnologiile digitale existente și activități demonstrative (Awareness raising on existing digital technologies and demo activities)	3	2.996 euro/	Organization of demonstration sessions within the Test Before Invest component, aimed at showcasing and testing relevant digital technologies (BIM, interoperability, process automation, applied AI solutions); Practical demonstrations carried out in controlled or real-life environments, using the infrastructure of WEH partners; Presentation of validated digital solutions and of the results achieved through testing and pilot activities; Informing beneficiaries about the possibility to validate their solutions through Testing and Experimentation Facilities (TEFs), particularly for solutions at TRL 6–8;

Categorie serviciu (cf. Grant Agreement)	Tip/ subcategorie serviciu (cf. Grant Agreement)	Număr servicii disponibile	Cost unitar/ total (cf. Grant Agreement)	Denumire/ descriere serviciu disponibil
				Presentation of access opportunities to AI Factories and European high-performance computing (HPC) infrastructures for the development, testing, and scaling of AI-based solutions; Facilitating the transition from the demonstration phase to investment and implementation, by integrating Test Before Invest services into the beneficiaries' digital transformation pathway.
	Consultanță pentru integrarea soluțiilor digitale (Consulting for integrating digital solutions)	3	3.959 euro/	Analysis of integration needs (Analysis of needs – if not included in the consultancy process) Assessment of the existing digital infrastructure and workflows; Identification of integration gaps between systems (BIM, ERP, CRM, project management platforms); Evaluation of interoperability requirements and data exchange standards; Definition of technical and operational objectives for integration. Preparation of the integration plan (Preparation of the consulting and integration framework) Development of a digital integration roadmap; Definition of system architecture and interoperability framework; Selection of appropriate digital tools and platforms;

Categorie serviciu (cf. Grant Agreement)	Tip/ subcategorie serviciu (cf. Grant Agreement)	Număr servicii disponibile	Cost unitar/ total (cf. Grant Agreement)	Denumire/ descriere serviciu disponibil
				Risk assessment and mitigation planning; Alignment with relevant European standards and best practices. Delivery of consultancy services Integration of BIM solutions with ERP and project management platforms; sau Business Process Modelling (BPM) and workflow digitalisation; sau Interoperability framework implementation (OpenBIM, data exchange standards); sau Integration of automation tools within existing operational processes; sau Data management and collaborative platform integration; sau Preparation for validation within Test Before Invest environments, including alignment with Testing and Experimentation Facilities (TEFs), where relevant; sau Technical guidance for scaling AI-enabled solutions, including orientation towards AI Factories and HPC infrastructures, where applicable.
	Consultanță pentru integrarea soluțiilor digitale avansate (Consulting for integrating high performance digital solutions)	3	8.132 euro/	Analysis of existing processes and needs, and readiness for implementation; Partial implementation of the solution, or preparation for full implementation.

Valoare totală servicii subvenționate disponibile în ofertă: **105.502 euro**
